

The Centerboard Regatta is just around the corner – June 14 – and a number of regular participants in the GMORA series still do not have 2008 PHRF certificates on file.

To be scored in GMORA, you **MUST** have a valid PHRF certificate at the time of the race. There will be **NO** exceptions. If you have not yet applied for your PHRF cert, do so today so you have it in time for Centerboard.

Thank you... and we'll see you at the start line!
